INVITATION

Dear Invited! Dear Colleagues!

The European Union launched its macro-regional Strategy for the Danube Region (EUSDR) half a year ago. (info: www.danube-region.eu)

The next conference in the DaNet series of conferences dedicated to the Danube Strategy is scheduled to take place on the 17-th of February 2012 in the situated on the Slovakian Danube riverbank town of Komarno where the Danube meets one of its main tributaries - the Vah river.

The aim of the conference is to provide non-governmental organizations (institutions, local governments, chambers, associations, churches, enterprises) with information about the Danube Strategy. As well as in a Joint Declaration to express their proposals towards governments and the EU institutions and to promote the creation of networks: DANUBENET for NGOs for successful EUSDR.

Our initiative is supported by the European Union Civil Programme as well as the EU board in charge of the Danube Strategy.

The conference focus is on the sustainable, unique and rich water resources in the Danube basin stipulated as Priority Area 4. on the Danube Strategy Action Plan.

The conference participants, especially those from Hungary, Slovakia etc. will have the opportunity to share their opinion, to express their recommendations (Open Space) towards governments, the EU and non-governmental organizations.

Furthermore, local non-governmental organizations (chambers, associations, institutions, associations of municipalities, etc.) will be able to join and take part in the implementation of the „DANUBENET for NGOs“ network and platform that aims at facilitating the success of Danube Strategy.

We would like to kindly invite you to the above mentioned conference in Komarno.

The participation is free of charge but the number of registered participants is limited.

You can register on-line on the following link: <https://docs.google.com/spreadsheet/viewform?formkey=dDreUxHOWo3YlhZc0NmRHJFLTQ4emc6MA>
