

No. R. 1013

26 May 1989

AGRICULTURAL PESTS ACT, 1983(ACT NO. 36 1983)

IMPORTATION OF CONTROLLED GOODS WITHOUT A PERMIT

I, André Isak van Niekerk, Deputy Minister of Agriculture, acting on behalf of the Minister of Agriculture under section 3 (4) of Agricultural Pests Act, 1983 (Act No. 36 of 1983), hereby make the determinations set out in the Schedule.

A. I. VAN NIEKERK

Deputy Minister of Agriculture.

SCHEDULE

In this Schedule “the Notice” means Government Notice No. R. 1013 of 26 May 1989, as amended by government notices Nos. R. 2252 of 26 November 1993, R. 23 of 8 January 1999 as revoked by, R. 57 of 8 January 1999, R. 306 of 15 March 2002, R. 830 of 21 June 2002, R. 1058 of 27 October 2006 and R. 49 of 5 February 2010.

Definitions

1. Any word or expression in this Schedule to which a meaning has been assigned in the Act shall have that meaning and, unless the context indicated otherwise-

“area of production” means any plot or group of plots that are cultivated as a unit, and on or in which controlled goods are produced;

“certificate” means –

- (a) the original specimen of a phytosanitary certificate or phytosanitary certificate of re-export, that –
 - (i) is in the form of the FAO Model Certificate appended to the International Plant Protection Convention, Rome, 1951; and
 - (ii) has been issued by a recognised empowered authority in the country of production or the country of re-export of the controlled goods to which such certificate relates;
- (b) the original specimen of a health certificate that has been issued by a recognised empowered authority in the country of production or the country of re-export of the controlled goods to which such certificate relates;

“country of production” means the country in which controlled goods were produced or, in the case of Australia, the United States of

America or any other country with autonomous phytosanitary services in the different states, thereof, the state in which controlled goods were produced;

“insects and pathogens” means insects and pathogens of the kinds indicated in numerical sequence in Table 2; and

“the Act” means the Agricultural Pests Act, 1983 (Act No. 36 of 1983).

Exemption from permit requirements

2. The classes of controlled goods specified in column 1 of Table 1 may be imported into the Republic without a permit referred to in section 3(1) of the Act.

Conditions of exemption

3. (1) The exemption granted in clause 2 shall be subject to the following conditions:
 - (a) The applicable requirements specified in column 2 of Table 1 opposite a particular class of controlled goods shall be complied with in respect of each consignment of that class of controlled goods.
 - (b) The controlled goods concerned may only be imported through a port of entry specified in the Table 3.
 - (c) Each consignment of controlled goods shall be presented to the executive officer at the port of entry thereof for such inspection as he may deem necessary.
 - (d) The certificate that accompanies a consignment of controlled goods shall be retained by the executive officer.
 - (e) No consignment of controlled goods may be removed from the port of entry thereof before the executive officer has consented thereto in writing.
- (2) The symbols used in column 2 of Table 1 shall have the following meanings:

- (a) “AD” and “T” means that each consignment of the class of the controlled goods concerned shall be accompanied by a certificate.
- (b) “D” means the importer of a consignment of class of controlled goods concerned shall submit a declaration on a form obtainable from the executive officer for this purpose, in which he declares that such consignment is intended for immediate re-export or for purposes other than the cultivation thereof in the Republic.
- (c) “AD 1” followed by one or more numbers in brackets, means that the applicable certificate shall contain an additional declaration that insects and pathogens of the kinds represented by the numbers in brackets-
 - (i) as appears from inspections during the active growth of the mother plants concerned, did not occur on those mother plants; or
 - (ii) do not occur in the area of production concerned.
- (d) “AD 2” followed by one or more numbers in brackets, means that the applicable certificate shall contain an additional declaration that insects and pathogens of the kinds represented by the numbers in brackets do not occur in the country of production concerned.
- (e) “AD 3” followed by one or more numbers in brackets, means that the applicable certificate shall contain an additional declaration that insects and pathogens of the kinds represented by numbers in brackets do not occur in the area of production concerned.
- (f) “AD 4” followed by one or more numbers in brackets, means that the applicable certificate shall contain additional declaration that the consignment concerned is free of insects and pathogens of the kinds represented by the numbers in brackets.
- (g) “AD 5” means that the applicable certificate shall contain an additional declaration that the seed comprising the consignment concerned was germinated in or on a sterilised medium and is packed in a sterilised medium.
- (h) “AD 6” means that the applicable certificate shall contain an additional declaration that the plants comprising the consignment concerned were

- rooted and grown in or on a sterilised medium and are packed in a sterilised medium.
- (i) “AD 7” means that the applicable certificate shall contain an additional declaration that the plants comprising the consignment concerned are packed in a sterilised medium.
 - (j) “AD 8” means that the applicable certificate shall contain an additional declaration that the tissue culture or tissue culture transplants comprising the consignment concerned was obtained from mother plants that are practically free from virus and other diseases.
 - (k) “AD 9” means that the applicable certificate shall contain an additional declaration that the timber comprising the consignment concerned has been kiln-dried to a moisture content of 20 per cent or less.
 - (l) “AD 10” followed by one or more numbers in brackets, means that the applicable certificate shall contain a confirmation that the mother plants from which the tissue or tissue culture plants comprising the consignment were obtained, were indexed for and found free from viruses and virus-like organisms of the kinds represented by the numbers in brackets.
 - (m) “AD 11” means that the applicable certificate shall contain an additional declaration that the consignment concerned is free of growth mediums and soil.
 - (n) “T 1” means that the applicable certificate shall contain a confirmation that the consignment concerned was treated with a wide spectrum fungicide, and in cases where it is followed by one or more numbers in brackets, such confirmation shall refer specifically to the pathogens of the kinds represented by the numbers in brackets.
 - (o) “T 2” means that the applicable certificate shall contain a confirmation that the consignment concerned was treated with a wide spectrum insecticide or fumigant, and in cases where it is followed by one or more numbers in brackets, such confirmation shall refer specifically to the insects of the kinds represented by the numbers in brackets.

- (p) "T 3" means that the applicable certificate shall contain a confirmation that the consignment concerned was treated with a wide spectrum acaricide, and in cases where it is followed by one or more numbers in brackets, such confirmation shall refer specifically to the insects of the kinds represented by the numbers in brackets.
- (q) "T 4" means that the applicable certificate shall contain a confirmation that the consignment concerned was treated by immersing it for 10 minutes in an appropriate solution of hydrogen peroxide or for 45 seconds in an appropriate solution of hydroxyquinoline sulphate.
- (r) "T 5" means that the applicable certificate shall contain a confirmation that the consignment concerned has been kiln-dried to a moisture content of less than 20 per cent.
- (s) "T 6" means that the applicable certificate shall contain a confirmation that the consignment concerned was treated with an appropriate hot water treatment
- (t) "T 7" means that the applicable certificate shall contain a confirmation that the consignment concerned was treated by means of an appropriate fumigation with methyl bromide gas.
- (u) "T 8" means that the applicable certificate shall contain a confirmation that the consignment concerned was treated by immersion in an appropriate solution of sodium hypochloride.
- (v) "None" means that no phytosanitary certificate is required

[Amended by R.57 of 8 January 1999]
