

**The ICPDR is mandated to implement the Danube River Protection Convention (DRPC) and is the basin-wide coordination platform for the implementation of the EU Water Framework Directive and the EU Floods Directive.**

ICPDR searches for a

## **Technical Expert in Water Management (Water Quality and Quantity)**

The expert is part of a team of experts that provides technical support for the Contracting Parties on issues related to water management. The expert will coordinate work on water quality and quantity with particular attention to the requirements of the DRPC and on the implementation of the EU Water Framework Directive and Floods Directive and other tasks associated with river basin management in the ICPDR.

Preferably 10 years of experience in water management, water quality and quantity and freshwater ecology, environmental university degree (MSc) or equivalent covering both hydrobiological and technical aspects, fluency in English and another Danube language, preferably German, good communication skills and the ability to work in a team are essential for this position. Particular knowledge of the EU WFD, Flood Directives and other directives related to water management is required.

The position will be open by 1 January 2012 in the ICPDR Secretariat at the Vienna International Center. Nationals of Austria, Bosnia-Herzegovina, Bulgaria, Croatia, Czech Republic, Germany, Hungary, Moldova, Montenegro, Romania, Serbia, Slovakia, Slovenia, Ukraine and other EU member states are welcome to compete for this position.

**Deadline for application: October 20, 2011 at 18:00**

The application should include a motivation letter and a CV. Detailed Terms of Reference for this position can be obtained from the ICPDR website: <http://www.icpdr.org> or contact the ICPDR Secretariat for further information: VIC-D0412, POB 500, A-1400 Vienna.
