

How to use the GAEC web database

Vincenzo ANGILERI
MarS Unit, IES, JRC Ispra

- *General overview*

administrator functions (user permissions etc.)
document list (in English and native language)
how to perform queries with different options

<https://marswiki.jrc.ec.europa.eu/gaec/index.php>

- *Create a new notification*

create from a blank or from an existing document

difference between a **draft** and an **accepted** document

create a notification in English or in the native language

(starting from blank or from existing draft)

the field “*remarks*” (official but not public)

see the draft you are creating

accept the draft (-> it is in the database, JRC and DG AGRI
can check the existence)

print the accepted draft

<https://marswiki.jrc.ec.europa.eu/gaec/index.php>

- *GAEC related studies*

insert links

search studies

modify contents

<https://marswiki.jrc.ec.europa.eu/gaec/index.php>
