PARTNERSHIP OFFER

Topic / title of the proposed project

YOUTH EMPLOYMENT & ENTREPRENEURSHIP

Objective:

Project's main objective is to promote employment of young people (18–25 years old) by using creative and innovative ideas and ways of youth employability. Project activities would aim to develop entrepreneurship and social competences of young people as well to provide practical experience necessary for entrepreneurship.

Proposed objectives / activities

Project would include activities as follows:

- Experience exchange, transfer of best practices in promoting youth employment and entrepreneurship;
- Development of innovative pilot projects for promotion of youth employment and entrepreneurship;
- Trainings for young people promoting competences necessary for entrepreneurship;
- Development of youth employment and entrepreneurship competence centres.

Country and /or kind of partner you are looking for

We are looking for partner organisations (LAG's and / or FLAG's mainly in Baltic Sea region, but also in other regions) that are (or willing to) working with youth employment and entrepreneurship issues and would like to develop and implement innovative pilot projects in field of youth employability.

Project financing is planned from European Agricultural Fund for Rural Development.

Offering LAG:

Country / Region
